SEQUOYAH SCHOOLS – ACCEPTABLE INTERNET USE POLICY

Introduction:

The Internet links thousands of computer networks around the world, providing Sequoyah Schools students access to a wide variety of technological and informational resources. Sequoyah Schools does not have control of the information on the Internet. Some sites accessible via the Internet may contain material that is inappropriate for educational use in a K-12 setting. Cherokee Nation does not condone the use of such materials and does not permit usage of such materials in the school environment. Sequoyah Schools specifically denies any responsibility for the accuracy or quality of information obtained through its Internet accounts.

Student guidelines:

Students are expected to follow all guidelines stated below as well as those given verbally by the staff and to demonstrate ethical behavior in using the network facilities. Students are also expected to realize that the opportunity to use the network and the Sequoyah Schools facilities go hand-in-hand with using computer hardware, software, and the Internet in a responsible manner. Any actions that might harm the computer equipment or software, or impair its effective use, or show disregard for the proper procedures will not be tolerated. Access is a privilege, not a right.

1. Before use, all students will receive an overview of the aspects of security and ethics involved in using the Sequoyah Schools network.
2. Students may not allow others to use their account name and/or their password; to do so is a violation of the Acceptable Use Policy.
3. Any action by a student that is determined by the instructor or a system administrator to constitute inappropriate use of the Internet at Sequoyah Schools or to improperly restrict or inhibit others from using the Internet is a violation of the Acceptable Use Policy.
4. Transmission of material, information or software in violation of any school district policy, or local, tribal, state or federal law is prohibited and is a breach of the Acceptable Use Policy.
5. Transmission of a minor's personal information is strictly prohibited.

Violating the Acceptable Use Policy may result in:

- **Restricted network access**
- **Loss of network access**
- **Suspension or expulsion from Sequoyah Schools**
- **Disciplinary or legal action including, but not limited to, criminal prosecution under appropriate tribal, state and federal laws.**

In order to ensure efficient system operation, the System Administrator has the authority to monitor all accounts.

The Family Educational Rights and Privacy Act (FERPA), a federal law, requires that Sequoyah Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Sequoyah Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Sequoyah Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The yearbook, honor roll or other recognition lists, graduation programs; and
- Sports activity sheets (such as for wrestling) showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include (but are not limited to) companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - name, address, and telephone listings - unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.

If you do not want Sequoyah Schools to disclose directory information from your child's education records without your prior written consent, you must notify the school in writing. Sequoyah Schools has designated the following information as directory information:

- Student name, address, telephone listings, photograph, date and place of birth, and electronic mailing address;
- Weight and height of members of athletic teams in officially recognized activities and sports;
- Degrees, honors, and awards received, and major field of study; and
- Dates of attendance, grade level, and the most recent educational agency or institution attended.

If you have any questions about your or your student's (18 or older) rights under FERPA you may contact the office at Sequoyah High School.

If you do not wish directory information about your student to be disclosed, please indicate so below:

Family Educational Rights and Privacy Act (FERPA)

I have received information about my rights under FERPA and understand my right to request that any of the items listed below not be disclosed as directory information to any outside group (other than those having a legal right to the information) without my written permission. Those having a legal right might include: federal auditors, those having oversight responsibilities, or similar entities; and circumstances regarding health, safety, and emergencies.

I **do not want the following** directory information regarding my student _____
